## *Jon Schuster*

I have a BS Degree in Business Administration with a total of forty seven years of business management experience. Twenty eight years of those owning and operating an Information Technology business in LAN and WAN networking in addition to multiple systems integration. We serviced banks, schools, various businesses and U.S. Air Force contractors. I have multiple hardware/software certifications from IBM, Novell, and Hewlett Packard, and I am licensed by the Texas Private Security Board for technical security work. I currently own and manage commercial real estate in Texas and Oklahoma with two other partners.

My wife, Edwina, and I have owned property in Sportsman's World since 2000 and have been full time residents since 2004.
